

Muntons PRESS RELEASE

Further Expansion at Muntons Malted Ingredients

Graham Sutton has recently joined the Muntons Malte Development Technologist. His duties included the liquid and dried malt extracts.

Innovation is key to Graham's appointment in the wealth of knowledge and product understanding. Some enhancing texture, flavour and performance in product food industry.

Ingredient team as New Product development of new and improved products for

technical team as he brings new ideas as well as a few of his key tasks will include developing products destined for the confectionary, bakery and

Having joined Muntons in 1975, Graham brings to the role 32 years of knowledge and experience, working in all areas of production within Muntons – There is nothing Graham doesn't know about malt!!

This new role will bring fresh new challenges for Graham and will make good use of his vast understanding of the variety of malted ingredients manufactured at the Stowmarket plant. One of Graham's aspirations through his new appointment is, as Graham so succinctly put it, "To produce unique products"

This expansion of the NPD team means that improve and sales support. Jonathan Pritchard added "Graham with our customers enabling us to make improvements level."

Products can be made to our level of customer. Muntons' role will be to develop a better relationship by communicating on a more technical
