

Genetically Modified Food Statement

- Muntons products do not contain any genetically modified raw materials.
- Muntons products do not contain any raw materials derived from genetically modified products.
- Genetically modified organisms are not used in the manufacture of any Muntons product.
- Muntons do not use any additives derived from genetically modified organisms.
- The main raw (unmalted) materials processed by Muntons are barley, wheat and rye, which are grown in the UK. Some malted barley may occasionally be purchased from the EU. No GM strains of these cereals are commercially available in the UK or EU.
- EU Regulations 1829/2003 and 1830/2003 do not apply to Muntons products.
- Muntons will inform its customers prior to any future change in raw materials or product processes, which affect this declaration.
